Activity 3: What are the small things we can do to slow down global warming?

Split into groups of four. Invent a scene and perform it in the classroom. For example: a family situation related to climate change, e. g. saving electricity, trying to convince somebody in your family to become vegetarian, using bicycles, buses and trains instead of driving the car.

5. Group discussions: Politics

How can children tell politicians what they think?

If you want to change things in your school what do you?

Why is important to change things?

6. Scene from the show

You can read in a group of three or as a class one reads **Clara**, one reads **Ben**, one reads the **stage instructions** (*kursive Texte*) and makes sound effects (phone ringing).

Clara is filming a short video for her followers. She has a big box in front of her that has another box inside and lots of paper packaging. Clara's phone rings. She looks at it. She does not answer the call.

Clara Hello, my Eco Warriors! Clara here. *She starts again.*

Clara Hello, my Eco Warriors! Clara here. *She deletes it and tries again.*

Clara Hello, my Eco Warriors! Clara here. Today, I thought I would do an unboxing video. So, let's get to it! *She opens the box.*

Clara It's ... another box!
She put her hand inside.

Clara Let's see what's inside. It's ... another box! Let's see what's inside. It's ... another box!

Ben enters. He is holding his ukulele. He looks at Clara. She doesn't see him.

Clara Let's see what's inside. It's ... another box! Let's see what's inside! It's ... a green paper— *She sees Ben*

Clara Ben! What are you doing?

Ben Hello.

Clara Oh no, that take is ruined. (*Take=Aufnahme) *Clara sets up the box again.*

Ben Um ... Hi. So I'm not sure if you listened to my voicemails. I've been doing a lot of reading on climate change. I wrote a protest song.

Ben starts playing his ukulele.

Clara Move out of the way. You are on the screen.

Ben stops playing. He takes a step to the side.

Clara Hello, my Eco Warriors. Clara here. Let's do an unboxing.
She opens the box.

Clara What's inside? Another box. Another box. Another box.

Ben steps into the frame.

Clara Ben!

Ben What are you doing?

Clara What does it look like? I'm trying to save the planet.

Ben How?

Clara It's for one of my sponsors. They're a really good company. Very green.

Ben But ... this is so much packaging.

Clara So much green packaging.

Ben Okay. So, anyway, I'm really proud of this.

He plays his Ukulele again. Clara pushes Ben out of frame.

Clara Move. I can't, just—not right now. Hello, my Eco Warriors! Clara here. Let's do some unboxing.

She takes off the first box.

Clara What's inside? It's another box.

Ben picks up the box.

Ben This doesn't look green.

Clara Ben! Put that back!

Ben I can't! It's a solar-powered train and it's leaving the station! Hop on board!

Ben starts to pretend he's on a train.

Clara Stop being a child!

Ben let's go of the box.

Clara This is my job right now. It's important. I'm helping people learn about green companies.

Ben Clara ... I think they are using you.

Clara Excuse me?

Ben Look at all this mess.

Clara For every box they donate two cents to planting trees ... somewhere.

Ben Well that's good. Because making these boxes must have used a whole forest.

Clara I don't need this right now. If you only came to make fun of me you can leave.

Ben I wasn't. I was just ... Are you okay?

Clara Yes. I'm just ... busy. Trying to save the world.

Do you think Clara is going to save the world?

See you at the show!
